

Creating a Lifestyle that Transcends the Everyday

Sage by Moran sits on a significant corner site, ready to capture the amenity and lifestyle of The Shire's gem – Cronulla Beach. The Sage is the one who lives 'according to an ideal which transcends the everyday'.

It is on this site that a new Independent Living community will be created. A luxury lifestyle development that brings together those looking to age gracefully in place in an environment promoting care and wellness, where they remain socially connected to their community and engaged with the wonderful environment of Cronulla.
